Lifestyle problem? – Why? Health Success – Why not?

Why choose healthy life success daily?

Because (1) there's an important *battle to win* daily,
(2) there's a *life to live* vibrantly and bountifully each day,
and (3) you've got an important *mission to accomplish* each
day in a *beautiful life* given to you.

Why? Because *health success* in your beautiful life
will *give glory* to the One who created you, who gave His
life in the battle to win you, because *He loves you* – always!
Because He knows *no failure*. *His love* for you *never fails!*
And only He can fill your "*empty cup*"
and overcome *all addictions*.

Because of *His love* ..
(*the ultimate reason to choose health*)

.. *choose health success now!*
(*we love because He first loved us*)
